COVID-19 and the Unsheltered Population in Los Angeles

The UHRC is currently activated at Tier-1 Level Activation. The UHRC is working in coordination with the Los Angeles Homeless Services Authority (LAHSA) and in consultation with the Los Angeles County Departments of Health Services and Public Health, to ensure unsheltered Angelenos have accurate and up-to-date information about the virus and resources necessary to protect their health and safety, and to also plan for a worst case scenario for mass infections and the need to establish quarantine centers. The UHRC will remain activated at Tier 1-level operations through the end of the public health event.
